ShenZhen VTEAM CO.,LTD

iPoster

Ultra-Thin Semi Outdoor Poster

ShenZhen VTEAM CO.,LTD

Introduction

The ultra-thin, light weight, innovative design iPoster is the latest in creative retail LED advertising displays. Compared to traditional heavy and bulky LED advertising displays, iPoster is much lighter, slimmer, and more convenient as it can be set up, relocated and operated very simply. Brighter with higher contrast compared to LCD displays the iPoster is the perfect retail advertising solution.

Main feature

· Supports Ethernet,SD card, Wifi, HDMI input and 3G remote control input.

· Works perfectly both on-line and off-line.

· Does not require configuration after power on.

ShenZhen VTEAM CO.,LTD

· Stand alone with in-built support frame. Wall mount brackets are optional.

·High brightness, high contrast and high grey scale.

Specification

Items	Content	Parameters
1	Pixel pitch	2.571mm
2	Pixel density	151282 dot/㎡
3	Pixel configuration	SMD3 IN 1, 2121
4	Brightness	≥1200CD/㎡
5	Contrast Ratio	3000:1
6	Scanning	1/28
7	Refresh rate	≥2000Hz
8	Viewing Angle	(H)140°/ (V)140°
9	Grey scale	65536
10	Display Color	1 billion
11	Resolution rate	756dot（height）x 224dot（width）
12	Displayarea	1.12 ㎡（80″）
13	Best viewing distance	2.5m-15M
14	IP rate	Front IP43 / back IP43

ShenZhen VTEAM CO.,LTD

15	Max. Power consumption per sqm	600W
16	Ave. Power consumption persqm	200W
17	Color temperature	6500—8500K
18	Panel Size (mm)	1990 (height) * 622 (width) * 40 (depth)
19	Weight	35KG
20	Operation power	AC 90~260V**/**AC 100~120V **/**AC 200~240V
